Art Unit: 1714

The amendment received 10 February 2006 has been made of record. Claims 1, 7-12 and 14-17 are pending.

The rejection under 35 USC 112 contained in the previous office action is withdrawn in view of applicant's amendments.

Claims 1 and 7-12 are rejected under 35 U.S.C. 102(b) as being anticipated by Kondo et al.

Claims 14 and 15 are rejected under 35 U.S.C. 103(a) as being unpatentable over Kondo et al.

Each of these rejections is maintained substantially as set forth in the previous office action.

Applicant's arguments in traversal appear to focus on the inclusion by Kondo et al of 5-50 parts glycol. Applicants have not demonstrated that the inclusion of glycol changes the essential nature of the composition.

Claims 16 and 17 are allowed.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any

Art Unit: 1714

extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
